

# Rocket Club at Apollo Elementary

## Did you know Apollo has an Issaquah School District School Age Care program?

That's right! Apollo Rocket Club is a before & after school program located right here at Apollo. We strive to provide a positive environment for your child to grow socially, intellectually and emotionally under the guidance of our well trained ISD staff. Because Rocket Club is an Issaquah School District program, we have the ability to utilize the gym, computer lab, & multi-purpose room at Apollo. In addition to our regularly scheduled daily activities, we have several clubs that children can choose to participate in throughout the month. These include but are not limited to; Homework Club, Cooking Club, Scrapbook Club, Science Club and Sewing Club. Stop by & check it out!

For more information regarding activities offered, please call Kelli Mohrbacher at 425.922.1208.

For pricing information, please call Colleen Carroll at 425.837.5080.
